Experience

Senior Finance Analyst | Harbor Peak Retail | 2023-Present

- Built monthly forecasting models for a \$45M operating budget, improving forecast accuracy by 12%. This work required stakeholder management and clear coordination.
- Automated KPI reporting in Excel and SQL, reducing reporting cycle time by 30%. This work required clear communication and expectation management.
- Partnered with business leaders on headcount planning, variance analysis, and board-ready presentations. This work relied on cross-functional collaboration.

Finance Analyst | Northstar Services | 2021-2023

- Supported annual budgeting, monthly close analysis, and cash flow tracking. This work reflected process improvement and continuous optimization.
- Created management reporting packs in PowerPoint and Excel for leadership reviews. This work supported recurring reporting and dashboard-style communication.
- Worked with accounting partners to explain budget-to-actual variances and expense trends. This work relied on structured data analysis and interpretation.
